

Creep Kids

by DR. KRINKLES

The Creep Kids are a group of young misfits that live amongst each other in a dark World full of strange occurrences. Together they often prank each other, and often get into trouble. while alone they find themselves in unusual adventure. Each Creep kid is unique, and enjoys living inside a haunted halloween land where they never know what will happen next.

Gax is a curious wanna be grim reaper. He tries so hard to be evil and Maniacal yet usually fails and ends up looking cute. he views himself as the leader of his peers. but they see him as being pathetic so they often patronize him as he cries and complains.

Lucy Echo is the only girl that the creep kids know. although she isn't the prettiest girl she likes to try and get attention any way she can. Lucy does like cute things , so she's always surrounding herself with as much as she can in hopes of it making her look cuter too.

WereBoy is obsessed with the moon , he often attempts to consume and destroy it and finds himself geting disapointed everytime it beats him. Yes WereBoy blames his condition on the moon , even tho when its not full he is still all werewolf. When he's not doing moon stuff he likes to try and scare the poop outta his friends. which often ends in his own humiliation.

Robby Bobby are like Yin and Yang they are opposites forever stuck in the same body. Robby is positive and happy while Bobby is negtive and miserable. together they make for a mess when it comes to trying to be productive. still they think that 2 heads better then one.

Stipple is the least popular out of the Creep Kids , he's the older brother of Gax and feels out of place. Stipple tends to eat too much, and sleep too much. He usually hides away and is the main kid to get picked on when the others are bored.

Wisper is a shy haunted boy that often has ghost following him around. he doesn't like to speak much and has the ability to disapear and reappear whenever convenient. Wisper also has a huge crush on Lucy but doesn't know how to tell her.

PumSkull has the most power and abilities out of the creep kids. he's a master of magic and the mysterious. Nobody knows how he got these abilities, and he likes to keep it that way. PumSkull can grow , make bats fly out of his hands and much more. His downfall is most of his powers are pointless in the world he lives in.

Simon Graves is a loud mouth that likes to brag and barge in when he's not wanted. while he's more popular then Stipple it's only because he always seems to be there annoying everyone till they give him what he wants. When he doesn't get it , he does terrible things making things worst for all the other Creeps.
